

Application No. 10/764,174
Amendment dated October 19, 2006
Reply to Office Action of May 19, 2006

The Claims:

This listing of claims will replace all prior versions, and listing, of claims in the application:

Listing of Claims:

Claims 1-6 (Cancelled).

Claim 7 (Previously presented): A cartridge containing one or more beverage ingredients and being formed from substantially air- and water-impermeable materials, the cartridge comprising an inlet for the introduction of an aqueous medium into the cartridge and an outlet for discharge of a beverage produced from the one or more beverage ingredients, characterised in that the cartridge comprises an outer member and an inner member conjoined on assembly with the outer member, the inner member defining the outlet of the cartridge, wherein a snap-fit arrangement is provided to conjoin the outer member and the inner member on assembly of the cartridge wherein the inner member further comprises a skirt surrounding the outlet, the skirt comprising an upper extension having an upper rim which engages, on assembly of the cartridge, a co-operating formation of the outer member to form the snap-fit arrangement for conjoining the inner member to the outer member.

Claim 8 (Original): A cartridge as claimed in claim 7 wherein the co-operating formation of the outer member is an inwardly directed extension.

Claim 9 (Original): A cartridge as claimed in claim 8 wherein the inner member comprises a discharge spout defining the outlet.

Application No. 10/764,174
Amendment dated October 19, 2006
Reply to Office Action of May 19, 2006

Claim 10 (Original): A cartridge as claimed in claim 9 wherein the outer member comprises an inwardly directed extension which is received in a proximal end of the discharge spout on conjoining of the outer member and the inner member.

Claim 11 (Original): A cartridge as claimed in claim 10 wherein the discharge spout is integral with the inner member.

Claim 12 (Original): A cartridge as claimed in claim 11 wherein the discharge spout comprises a tapered portion.

Claim 13 (Original): A cartridge as claimed in claim 12 wherein the discharge spout comprises a cylindrical portion.

Claim 14 (Original): A cartridge as claimed in claim 13 wherein the discharge spout comprises a partition extending at least part way along the length of the discharge spout.

Claim 15 (Original): A cartridge as claimed in claim 14 wherein the cartridge is disc-shaped.

Claim 16 (Original): A cartridge as claimed in claim 15 further comprising means for producing a jet of the beverage, which means comprises an aperture in a beverage flow path between the inlet and the outlet.

Claim 17 (Original): A cartridge as claimed in claim 16 wherein the outer member and/or inner member are formed from polypropylene.

Claim 18 (Original): A cartridge as claimed in claim 17 wherein the outer member and/or inner member is formed by injection moulding.
